GUARANTEE

Endorsed by the American Shorthorn Breeders' Association

1. Proper care shall be given by purchaser to protect breeding qualities and health of animals.
2. All bulls guaranteed breeders. A bull shall not be allowed to serve when under fourteen months of age or be allowed to run with herd when under twenty months of age. In case of failure to be a breeder notice shall be given to seller within six months of date of purchase.
3. Cows with own calves under four months of age by side are considered proven breeders. All other cows and heifers sold as single lot guaranteed breeders, except calves sold by side of dam as one lot and heifers under sixteen months of age at time of sale. Heifers shall not be served for the first calf by heavy or old bull. Cows and heifers over three months gone in calf, according to service date furnished at time of sale, but not proving in calf, must be reported to seller within three months from date of sale; all others served within three months of date of sale not proving in calf or not settled, must be reported within six months. Heifers not settled when twenty-two months of age shall be promptly reported. Heifers over sixteen months of age sold open, not settling within six months of date of sale shall be promptly reported.
4. Any Animal not proving up to foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, but the seller may, if he desires, have the animal returned for retrial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, then the purchaser shall be given the option of having purchase price refunded without interest or of accepting a substitute as stipulated above. No charge for feed or maintenance shall be made by either buyer or seller. Salvage to go to the seller. It shall be understood that the same guarantee given on the first animal shall likewise apply upon any animal later substituted.
5. All animals are sold subject to a sixty-day retest for tuberculosis, or to comply with laws of state into which they may be shipped. Animals shall be segregated from buyer's herd until the retest is made, except herd be a Federal accredited one. All tests for tuberculosis, either test before sale or retest, shall be made by a Federal or State veterinarian or veterinarian deputized by State veterinarian, who is co-operating with Federal veterinarian and qualified to do accredited herd testing. Purchase price to be promptly refunded upon proof of reaction and return of animal, except purchaser shall agree to accept a substitute. All cattle are in a healthy condition and health certificates will be furnished for shipment going out of the state.
6. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after close of sale and without trouble to the purchasers, but at their risk of loss or injury.
7. **TERMS:** Cash. All settlements to be made with the clerk of the sale immediately after the sale closes.
Cattle will be at buyers risk as soon as bid off.

Shipping vouchers will be attached to bills of lading on all less than car-load shipments routed over those railroads granting one-half freight rate on pure bred cattle.

The Announcement

A GAIN it is our pleasure to call attention to another fall auction at Owens Farms. In this offering of young breeding stock we are giving buyers the opportunity of securing the results of over sixty years of constructive breeding in a herd of Shorthorns that was founded upon and maintained with cattle of individual merit and dependable bloodlines. As has been our custom in the past, we have selected for our offering representatives from an unusually large variety of the best Scotch families.

These young cattle possess the same characteristics that have made their ancestors profitable for us. They are the offspring of matrons that have been retained in our breeding herd for their individual excellence; most of these cows are daughters of **Anoka Gold Ring** and **Melbourne Rodney**, bulls that have been the greatest influence in our herd in recent years.

The sale offering is largely sired by two of the greatest sons of Melbourne Rodney—**Rodney Star** and **Rodney's Count**. The group is unusually uniform as to type and color, being mostly red and dark roan. These cattle are in profitable healthy condition; not in extremely high flesh, they have been raised in an ordinary farm environment in such a way as to insure them to be prolific, rugged, regular producing cattle. We have endeavored to select individuals that will produce calves that will grow into the same kind as themselves. You can be assured of this because their immediate ancestors for several generations have been bred on our farm and have been that kind.

We cordially invite all those interested in good Shorthorns to be with us on Monday, October 5th.

Very truly,

H. K. OWENS.

Rodney Star 1717205—Is probably the best bull ever sired by Melbourne Rodney. His character, smooth mellow fleshing and great weight carried close to the ground make him a bull of great breeding worth. His outstanding quality is not accidental as he comes from that great Duchess of Gloster family that has been so prolific in this herd. His mother, Cumberland Duchess 3d is a grand breeding cow; although she is 15 years old, she is still active, vigorous, and a regular breeder. His sisters selling in this sale are fine specimens of bovine excellence; look them up sale day.

Rodney's Count 1696657—Is one of the outstanding sons that we have placed in service in the herd. We sold him as a yearling to sire 4-H club calves and when we had seen his calves we immediately made arrangements to place him in service in the herd. He is very compact and low-set and is a bull that always appears smooth even in moderate flesh. A number of the young things in this sale are sired by him and we think their type and general conformation will appeal to you.
